

Technical Specialist

Status: Full-time

Working Days: Typically Sunday – Thursday; a spirit of flexibility is expected

About The Meeting House

We feel God is calling us into a new vision: Introducing spiritually curious people to the Jesus-centred life through a movement of Jesus-centred churches. What does that mean? Through our Meeting House sites and expressions across Southern Ontario, and new Jesus Collective network, our desire is to honour God by proclaiming the irreligious message of Jesus and fostering loving communities of fully committed Christ-followers in a way that makes sense for that local context. We are all about Jesus first, which we believe results in our values of peace, simplicity, community, and mission. We are reimagining what it would look like to be a church that is fully activated for mission and engaging the spiritually curious around us. We are committed to evangelism and kingdom growth within our existing footprint, and uniting with other Jesus-centred churches to amplify our Kingdom impact beyond our footprint in ways we have not imagined before. We need people who share excitement about this spirit-led vision and want to contribute their gifts, skills, expertise and heart to this transformation! Check out our website for more details: www.themeetinghouse.com.

Role

The Technical Specialist plays a crucial role in supporting our 18 Meeting House sites. This person will play both a proactive and responsive role. Proactively, this person will work with sites to increase their effectiveness in supporting the technical needs of the sites through coaching and training. Responsively, this person will maintain, repair, and replace our tech equipment and be responsible for the care, maintenance, and operation of our trucks and trailers.

Requirements

- Fully aligned with the message, mission and vision of The Meeting House
- Maintain and model a spiritually thriving relationship with Jesus
- In-depth understanding of, and experience with, technical systems including sound, lighting, and video
- Experience in live audio mixing
- Ability to effectively train and work with volunteers
- Strong innate technical abilities, and able to learn new things easily
- Experience with TMH's Sunday morning tech and/or music experience is an asset
- Experience in automotive troubleshooting
- Ability to drive trucks and trailers
- Exceptional track record of being a systems thinker who develops solid processes
- Creative problem solver who can think outside of the box
- Ability to work independently and on a team, multi-task and adapt to constant change
- Good relational and communication skills
- A valid Ontario driver's license and your own vehicle
- Ability to lift more than 50 lbs (on an occasional basis)

Responsibilities

- In partnership with sites, provide regular tech training for volunteers
- Ensure all video, sound, lighting, and broadcast equipment receive regular maintenance
- Perform minor repairs and coordinate the outsourcing of major repairs for a wide variety of gear

- Visit sites on Sundays to provide coaching and feedback, check equipment, make on-site repairs, and assess technical issues
- Provide phone support on Sunday mornings to volunteers for a wide range of technical issues
- Communicate with and support staff and volunteers across our sites to ensure the smooth operation of the technical aspects of weekend service
- Participate in the purchase of new gear and vehicles to support needs
- Support cross regional events and special services, as needed
- Monitor and fill Freshdesk tickets
- Assist in the care, maintenance, and proper licensing of all vehicles and trailers

What We Offer

You will lead and work alongside amazing people in our community who love Jesus and are learning to put into practice what it means to follow Him. You will join a staff team who genuinely care for each other, love what they do and strive to work to the best of their abilities. None of us are superstars; we just try to authentically follow Jesus together. We are a fast-paced organization and are willing to try new things and experiment if we think something else will be more effective. We often fail first before finding what works best.

We offer a competitive benefits and pension plan, encourage and support professional development and continued learning, and provide the technological tools required to do the job, including a laptop and smartphone.

The Meeting House is committed to providing accommodations for people with disabilities. If you require an accommodation, we will work with you to meet your needs.
