

Building Accessibility

Oakville Production Site

Accessible Parking and Entrance

The Meeting House Oakville Production Site public area is wheelchair accessible. The wheelchair parking and main entrance is located at the west side of our building.

Accessibility Within the Building

Accessible access to our Theatre is through the rear doors of the Theatre (east and west) and through the entrance next to the West Info Desk. Wheelchair seating is provided on the west balcony and at the rear of the main Theatre. One of our ushers or staff would be happy to provide direction and assistance.

Service Animals

Service animals are welcome within public areas of the facility. If you are looking to rent a space for an event, please contact rentals@themeetinghouse.com when booking theatre seats to ensure comfortable arrangements can be made for you and your service animal.
